

FATS, OILS & GREASE (FOG)

CONTROL PROGRAM UPDATE | EPA Consent Decree FOG CMOM

**Jan 11,
2016**

South District Wastewater Treatment Plant
8950 S.W. 232 St., Miami, FL 33190
Training Rm. #201, 2nd Floor

8 a.m.

Paragraph 19(a) of the New Consent Decree (Case 1:12-cv-24400-FAM) requires Miami-Dade County's Department of Regulatory and Economic Resources to continue implementing the existing FOG Control Program as an enforceable obligation under the new Consent Decree while developing a new FOG Control Ordinance to minimize Sanitary Sewer Overflows and thereby safeguard the public health, safety and welfare.

Meeting Topics:

- Mandatory Grease Trap/Interceptor Cleaning Frequency
- Grease Trap/Interceptor Cleaning Process and Procedures
- FOG Manifest requirements for 2016
- Electronic FOG Manifest requirements and Reporting for 2017
- Liquid Waste Transporter Operating Permit Requirements for 2017
- No Commingling requirements (starting 2017)
